GitHub: [GitHub.com/mahesh](https://github.com/mahesh)

Objective:

I aspire to take on innovative roles in a prestigious and progressive organization, contributing my efforts towards its growth. By utilizing my problem-solving skills, strategic thinking, and technical expertise, I aim to enhance the organization's efficiency, innovation, and business success. With a commitment to continuous learning, perseverance, and a strong work ethic, I am ready to make a meaningful impact on the company's success.

Academic Credentials:

Qualification	Board/University	School/College	Year of Passed out	Percentage (%)
Engineering	JNTUA	PVKK Institute of Technology	2025	73
Intermediate	BIEAP	S.S.G.S. JR. College	2021	50
SSC	BSEAP	Dr. Rajendra Prasad MPL High School	2019	80

Technical Skills:

Operating System	:	Windows 10 / 11
Front-End Technologies	:	HTML, CSS, JavaScript
UI/UX Tools	:	Figma, Canva
Development Tools	:	Visual Studio Code, GitHub

Projects:

Project Name: Portfolio Website

Description:

Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills, and experience. Implemented a clean and modern UI with smooth transitions and interactive elements. Integrated GitHub for version control and project hosting. Ensured mobile responsiveness and optimized the website for a seamless user experience across different devices.

Project Name: Simple Calculator

Description:

Developed a basic calculator web application using HTML, CSS, and JavaScript to perform fundamental arithmetic operations like addition, subtraction, multiplication, and division. Designed a user-friendly interface with interactive buttons and a responsive layout. Implemented JavaScript functions to handle calculations dynamically. Deployed the project using GitHub Pages for accessibility.

Project Name: Weather App

Description:

Developed a dynamic weather application using HTML, CSS, and JavaScript to fetch and display real-time weather data. Integrated an API (like Open Weather Map) to provide current temperature, humidity, and weather conditions based on the user's location or searched city. Designed a responsive and visually appealing UI to ensure a smooth user experience. Deployed the project using GitHub Pages for easy accessibility.

Internships:

Full-Stack Web Development

Main Flow Services And Technologies

May 2024 – July 2024 Description:

Description:

I developed and maintained responsive web applications using HTML, CSS, and JavaScript, ensuring a seamless user experience across different devices. I built interactive UI components to enhance user engagement and optimized the overall interface for better performance. Additionally, I gained hands-on experience with GitHub for version control, efficiently managing code repositories and collaborating on projects. To make the projects easily accessible, I deployed them using GitHub Pages, enabling smooth and efficient hosting.

Web Development & Hosting

Gauravgo Technologies

Mar 2024 – April 2024

Description:

Developed and maintained responsive web applications using HTML, CSS, and JavaScript. Built interactive UI components and improved user experience. Worked with GitHub for version control and team collaboration. Deployed websites using GitHub Pages for hosting. Gained insights into web hosting and deployment strategies.

Certifications:

- ❖ Web Development & Hosting - GauravGo (March 2024)
- ❖ Web Developer Intern - Bharat Intern (March 2024)
- ❖ Full Stack Web Development-Main Flow Services & Technologies (May2024-July2024)
- ❖ NPTEL- IOT (Oct 2024)
